OLD BUSINESS:

- 1) We talked about first aid supplies again. Check with Rite-Aid to see if we can get small quantities of single dose meds. Ken will work on this.
- 2) Ken will do a bit more looking into the Oregon Safety Officer's Association membership.
- 3) Proceeding with the near miss program. Barbara working with Jay and the officers to implement.

NEW BUSINESS:

- 1) We were shown a new particle mask that Barbara got from another department. It is flat and individually wrapped, making it easy to store. It is rated N95. Jay stopped by and said he had ordered some that sounded similar to what we had. We'll wait to see what Jay gets.

INCIDENT REPORTS:

We talked to the engineer who had damage to the tender. He realizes that the spot he was trying to get into was too tight of a turn. He said he should have had spotters to watch both sides.
